**Career Objective:**

Dedicated Full-stack developer with hands-on experience in building SaaS applications using Django, React, REST APIs, PostgreSQL. Interested in joining forward-thinking teams that value clean architecture, DevOps practices, and user-centered design.

**Career Summary:**

Software developer with 5+ years of experience in designing, developing, and maintaining web applications and backend systems. Proficient in Python, PHP, Django, JavaScript, and modern frameworks like React. Strong foundation in database management, RESTful APIs, version control (Git), and deployment practices using Docker and Linux. Known for writing clean, efficient code and collaborating closely with cross-functional teams to deliver scalable, high-performance solutions.

**Special Qualification:**

I have some special qualifications of web design and development like HTML 5, CSS 3, bootstrap, JavaScript, jQuery, PHP & MySQL, angular, Python, Django Rest framework, PostgreSQL, etc.
